

Building a Healthier Community. Together.

Join us to discuss Champaign County's greatest needs and let's find solutions together.

Roundtable Discussion

Join us at Presence Covenant Medical Center to consider:

- How can we as churches, organizations, and agencies work together?
- What initial steps would we take to get organized?
- What do each of us have to offer to help make our communities healthier?
- What do you think we could accomplish as a group versus individually?
- What one thing could each of us do in the next month to help accomplish that goal?

Lunch is provided.
