

Participants Needed for a Research Study on Learning Health Information with a Conversational Agent

The University of Illinois at Urbana-Champaign is recruiting adults age 60 and over to participate in a 1.5-hour online study to understand how people learn health information through talking with a conversational agent (such as Google Home).

The research study will be done through a teleconference meeting (Zoom meeting). No in-person contact will be involved in this study. You will be compensated with a \$15 Amazon e-Gift Card for your participation.

You are eligible if you:

- Are at least 60 years old
- Are an English speaker
- Have internet at your place
- Have a computer with microphone (to join a teleconference meeting)
- Have an email to receive the e-Gift card

For further information or if you're interested in participating in the study, please contact Lauryn Praet at lptraet2@illinois.edu or 309-269-7122; or Husna Hussaini at hhussa30@illinois.edu or 815-931-2146. Thank you very much!
