

SUBJECT: COVID-19 vaccine clinic available Thursday April 1, 2021 from 10a-3p – IL Work Net Building (1307 N. Mattis Ave.).

Carle Community Health Initiatives in partnership with the Champaign-Urbana Public Health District (CUPHD), will host a COVID-19 vaccine clinic Thursday April 1st at IL Work Net, 1307 N. Mattis, Champaign, from 10am-3pm or until all available doses are administered. Vaccine is available for those who live or work in Champaign County who are currently eligible to receive vaccine.

Partnerships and targeted community outreach efforts are key to ensuring that vaccine reaches as many eligible and interested community members as quickly as possible. As an ongoing partner, we're grateful for your coordination to help facilitate more vaccinations in Champaign County.

Action Needed: Please connect with any eligible members of your organization and compile a list of those who are available to attend this event. All available appointment slots are walk-in and will be based on first come.

When: Thursday April 1, 2021 from 10a.m. to 3p.m.

Where: IL Work Net Building Parking – 1307 N. Mattis Ave, Champaign

Who: Visit [Carle.org](https://www.carle.org) for more information about vaccine eligibility.

How: We'll assign vaccine appointments on a first come, first served basis.

- Eligible persons may arrive at the vaccination site between 10am-2:30pm
- Early line up is discouraged as the facility will not open until 10am
- Individuals will be assigned a time to return for their vaccination.

Thank you for support in coordinating vaccinations for members of the community. Please contact me with any questions you may have.
