

living with alzheimer's

for people diagnosed with dementia or mild cognitive impairment and in the early stages

an education program by the alzheimer's association

The diagnosis of Alzheimer's disease is life-changing and leads to many questions. What will this mean for me and my family? How do I plan for the future? Where can I get the help I need? Join us for this three-part program and have a chance to hear from others who have been where you are discussing what you need to know, what you need to plan, and what you can do to develop and work with your care team.

Join & Participate via Zoom

9:30 a.m. - 11:00 a.m.

Tuesday, May 18 - Part One

Tuesday, May 25 - Part Two

Tuesday, June 1 - Part Three

This program requires an assessment with a staff member.
