

LIFE Clinic

(Learning Information for Everyday)

VOLUNTEER TODAY!

STUDENT-LED Occupational Therapy Clinic at Parkland College

Looking for more socialization, movement, or creativity in your life? Parkland College OTA Program is offering a student-led OT clinic consisting of classes, activities, and engagement both in person at Parkland on Mattis and through a virtual platform. For our clients, we can help reduce the effects of social distancing, maximize opportunity for mobility, and provide activities to improve cognitive engagement. This also provides a unique opportunity to foster student learning, client interaction, and development of clinical competency.

WHAT WE OFFER

- Occupational Therapy Screening
- Resources based on individual concerns
- Individual and/or group activities
- In-person or virtual sessions with OTA students and faculty

For more information, please email Kendra Schroder at kschroder@parkland.edu or call 217/353-2760.

Are you?

Interested in assisting with OTA student education while also benefiting yourself.

Do you?

Have concerns about your own health and well-being due to activity deprivation.

We can...

Enjoy *FUN*ctional activities together, whether in person or virtually, to improve quality of life!
