

Research Opportunity

The Human Factors and Aging Laboratory, located at the University of Illinois Urbana-Champaign College of Applied Health Sciences, is recruiting participants for an IRB-Approved research study.

Understanding Attitudes and Opinions Towards a Health Technology

For this study, we are focusing on the use of a healthcare technology to support the self-monitoring of African American adults' health to manage their chronic conditions. This study will last 2.5 hours and take place via Zoom. Participants will be compensated with a \$50 Amazon e-Code.

Potential participants must have the capability to use Zoom, and must be:

- 50-80 years old
- Diagnosed with a chronic health condition
- Speak English
- Identify as African American
