

CREATIVITY ON WHEELS

CALLING LOCAL ARTISTS: Do you want to share your art passion and skills with older adults in Champaign County?

Creativity on Wheels is a free pilot program offering monthly creativity boxes delivered to the door and monthly phone calls from a friendly volunteer for adults 60 and older living independently in Champaign County. Boxes are themed and include art materials, art exercises designed by local artists, introspective crafts, affirmation cards, thought-provoking questions, and more.

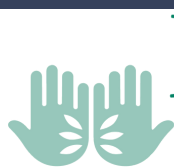

Creativity on Wheels seeks artists to:

- Choose from list of box themes and develop print-ready art instruction for their art medium, including art vocabulary defined and enough skill-building practice and culminating project/s to last a month
- Develop a list of art materials needed for their art instruction and work with the program coordinator to stay within budget
- Participate in other design aspects of the box and greater program as able and interested

Compensation: \$300 a box
